Address: Redacted

Portfolio: Salil Raj Gupta
GitHub: Slylil17

TECHNICAL SKILLS

- MS Excel
  (Intermediate)
- Power BI
  (DAX, Drill Down, Modeling)
- SQL
  (PostgreSQL, Joins, CTE, Case)
- Python
  (Requests, Pandas, Seaborn, API's)
- Gen AI & Prompting
- GitHub

CORE STRENGTHS

- Financial Logic
- Critical Thinking
- Data-Driven Analytics
- Team Collaboration
- Detail Orientation
- Tech-Savvy Adaptability

LANGUAGES

- English (Professional)
- Hindi (Native)

EXTRA-CURRICULAR

- **Drums:** Trinity College London (Grade 2 Certification)
- **10M Air Pistol:** Pre-National Competitor
- **Robotics Club:** 1st Place (School Level Competition)

PROFESSIONAL SUMMARY

Aspiring Data Analyst with a Finance & Accounting Background. Focused on bridging financial business logic with technical data analytics. Proficient in building end-to-end data pipelines and visualization dashboards to drive actionable insights.

TECHNICAL PROJECTS

SpaceX Launch Trends & Operational Analysis *Python, Requests, Seaborn, APIs*
View Project

- Automated data extraction from SpaceX REST APIs using the `requests` library.
- Performed data cleaning and merging to correlate infrastructure with mission outcomes.
- Visualized fairing recovery and launch success trends using Seaborn and Matplotlib.

End-to-End Retail Analytics Dashboard *Power BI, SQL, Excel*
View Project

- Modeled a relational database with 5+ tables simulating retail transactions.
- Built an interactive dashboard tracking KPIs: Total Profit and Avg Customer Spending.
- Developed a star-schema model in Power BI to optimize reporting speed and accuracy.

FINANCIAL KNOWLEDGE BASE

- **Accounting:** Strong understanding of AS and corporate financial reporting.
- **Taxation:** Comprehensive understanding of GST and Income Tax provisions.
- **Law:** Corporate Laws, Strategic Management, and Financial Management.

CERTIFICATIONS

Google Data Analytics Professional Certificate *Oct 2025*
Google / Coursera **Verify Certificate**

- Rigorous training covering the full data collection & analysis process (Ask to Act).
- Applied SQL, Power BI, Python, and Spreadsheets to real-world datasets.

EDUCATION

Chartered Accountancy - Foundation Jan 2024
ICAI | *Cleared in First Attempt*

Bachelor of Commerce (B.Com) 2023 – 2026
Redacted | *8.1 CGPA (Ongoing)*

Class 12th (CBSE) 91.6% | 2023
Class 10th (CBSE) 89.0% | 2021

OTHER TECHNICAL SKILLS

Self-Hosted Home Server Implementation: Deployed an automated media server stack (Sonarr, Radarr, Prowlarr) involving networking, port forwarding, and storage optimization.
